

Dear Prof **Dr. Jose Macario V. Faylona**,
President, Asia pacific Hernia Society

It is with great pleasure to inform you, about our program, The "**Hernia Surgery Summit 2019**" to be held in Hotel Radisson, Kathmandu, Nepal, on 18th May 2019.

The Nepal Hernia Society (NHS) has witnessed remarkable exponential growth since its inception. NHS today is a progressive, expanding Organization that celebrates the huge diversity of its constituents and revels in the plural character of the several regions that comprise and lead the NHS. The main vision and mission of NHS is to advance the art and science of safe hernia practice in our region.

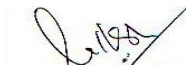

The Hernia Surgery Summit 2019 is the showpiece event of NHS that combines state of art hernia academics with lively and engaging social events. The Summit shall showcase international and national expertise and also present contemporary best hernia practices based on current evidence.

The organizing committee is working hard and taking painstaking efforts to ensure that this meeting is memorable and a landmark event in the annals of NHS Congresses.

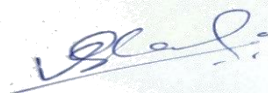

As in the past The NHS has conducted hernia conferences with endorsement with APHS, we request for endorsement of our program. Please find the attachment of academic program.

Thanking you for your cooperation.

Yours Truly,

Rakesh Kumar Gupta
President, Nepal Hernia Society (NHS)
Society (NHS)

Dr. Vikal Chandra Shakya
General Secretary, Nepal Hernia
